WORK EXPERIENCE

Ingka Centres (IKEA China)

Xi'an, China

Commercial Product Management (retail)

May 2025-Sep2025

- Spearheaded the end-to-end launch of 8 retail kiosks, acting as the strategic hub between Commercial, Design, and Ops teams to translate brand objectives into optimized UX layouts and spatial designs.
- Drove the attainment of a CNY 1.44 million department budget by establishing a structured performance tracking framework and executing data-led optimizations to boost operational ROI.

China Resources Mixc Lifestyle Services Ltd.

Xi'an, China

Commercial Product Strategy Planning

Jun 2021-Jun 2023

- Led the end-to-end product discovery and execution for 4 large-scale commercial projects, translating market analysis and benchmarking into actionable project roadmaps while orchestrating Design and Engineering teams to ensure rigorous progress tracking.
- Accelerated ecosystem growth by onboarding 6 anchor tenants (15,000+ sqm), strategically aligning the product portfolio with market demand to maximize commercial value and asset performance.

Business Operations and Optimization

July 2023-Oct 2024

- constructed and maintained a key performance indicator (KPI) dashboard every quarter, and conducted quantitative analysis. Formulated sales enhancement activities based on analysis, helping major brands, including Uniqlo, achieve a 10% - 15% year-on-year growth.

Xingong(China) Engineering Consulting Co., Ltd. & Tianhua Architectural Design Co., Ltd.

Beijing, China

Architectural Design Consultant

Jul 2019-May 2021

- Led the product definition and design strategy for 4 residential development bids, while securing land acquisition.
- Pioneered innovative residential layouts and facade optimization that directly enhanced product power, resulting in a measurable uplift in market positioning and premium pricing strategies.

PROJECT EXPERIENCE

Soulcrafted Label | Company consultancy project for Myminifactory

London,UK | Oct 2025-Present

- Critically discuss the differences between AI-generated works and original works, and design a verification mechanism to validate original works and give them uniqueness. Deeply consider how AI-generated and manually-generated works can better coexist in the future.

Gen AI in business | Consulting Track for the Master Programme

London,UK | Oct 2025-Present

- Use AI tools to generate videos, introduce the development trends of the future commercial real estate industry and conduct the most basic promotion for the products.
- Use VS Code to build the basic web interface,generating MVP, and analyze basic consulting projects.
